Pub Date: 9/1/2019

8 - 12 years. I Am America Set. I Am America Set. Illustrated by Eric Freeberg.

It's 1935, and the Great Depression and California drought has left eleven-year-old Joseph McCoy shining shoes to help his family survive. Through his hard work and games with his sister, Joseph has figured out how to get by as one of the few black people in a mostly white community. But the order of the town is disrupted when an all-black Civilian Conservation Corps camp comes to Elsinore, sparking racial tension. It isn't long before prejudice spreads like wildfire and threatens to force the work camp to leave.

Tracy Daley has helped refine and edit dozens of books throughout her career. She has held many positions in publishing including editor, publicity specialist, and acquisitions editor. She lives with her husband and three kids in Taylorsville, Utah, but escapes to the mountains as often as possible.

Earth is under attack by the alien Authority from the planet Haven. Cassius and his brother Jesse are the keys to defending Earth. But the enemy's new weapon sends the resistance into turmoil. Alliances shift, traitors are revealed, and soon Earth's last chance at salvation lies in the hands of one brother who must make the ultimate sacrifice.

Inspired by the big drama and snappy dialogue of comic books and graphic novels by Brian K. Vaughan and Brian Michael Bendis, Nick James began writing at a young age. His love of fast-paced storytelling led to his action-packed science fiction series for young adults, Skyship Academy. James grew up in the small island town of Anacortes, Washington. 8 - 12 years. I Am America. I Am America. Illustrated by Eric Freeberg.

Budding reporter Tala Mendoza thinks life in 1965 Delano, California, is boring. But that's before her father and other members of the local Filipino grape workers' union vote to strike. While the strike brings Filipino and Mexican farmworkers together, it threatens to tear Tala and her best friend, Jasmine, apart. Can Tala and Jasmine's relationship withstand the strain and length of the Delano Grape Strike?

Molly Zenk was born in Minnesota, grew up in Florida, lived briefly in Tennessee before settling in Colorado. She is married to a mathematician/software engineer who complains there is not enough math or information about him in her author bio. They live in Arvada, Colorado with their three daughters.
